

# Drafting - Upgrade Services

## Description

Litera's Upgrade services allows firms to quickly get value from their investment in Litera Drafting solutions.

## Pain Points

- **Version of Software Not Supported**– The version of the software the firm has deployed is no longer supported.
- **Updated Features**– Current versions have new features not available in previous versions.
- **Compatibility** – Integration with other applications requires a current version of the software.

## Outcomes/Benefits

- The Litera team of experts is available to ensure the implementation flows smoothly and to ensure the many features and functions are upgraded quickly and effectively.

### Deliverables:

- Drafting Upgrade Services includes the planning, analysis, technical upgrade, testing, and training necessary to install and deploy the upgraded solutions.

## Firm Resources Required

- **Firm Sponsor** – Provide access to staff required for testing and training.
- **IT Team** – Provide access to firm's current Word environment.
